Aliens omnibus vol. six is filled with all kinds of short stories and tails about the aliens universe and is a pretty good comic overall. The only part I didn't really like is the fact that I think they could have done more with it, by that I mean it lacks an overall good feeling of entertainment, it doesn't really puul you into the story or go into much depth.

2 star rating for book binding falling apart NOT for content of Omnibus! Comics inside are amazing, just like the rest of the Aliens Omnibus 1-6 (5 stars for all 6) but Omnibus 4 and 5 are apparently different in that they look different (gray line at bottom of binding / back as opposed to Omnibus 1-3 and 6) and are totally bad quality (again, binding not content!).

Volume 1 & 2 were both very good collections of some fantastic, and average Alien comics. Female War and Colonial Marines are the two most negative points of the first two volumes, but there isn't anything as substantial as those in Volume 3 that's as big of a let down.
