Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-

Final SV340 skid steer loader is a productivity beast. With a higher-rated operating capacity than the Deere 332E, stronger breakout force and our superior high-flow auxiliary system, the SV340 runs heavy attachments with better handling, supplies better loading capacity and delivers greater overall performance.
