Chess Tiger is a strong chess program developed by Christophe Théron which achieved a number of tournament successes between 2000-2002. Although still commercially available, the Windows version has not been developed recently so has largely historical significance only. It is known for its high level of strength and as a trainer engine to help beginners improve their chess techniques.

Tiger's Modern from 2005 is a modern classic, but has fallen out of date.. Instead of writing a typical second edition, Tiger Hillarp Persson has chosen to write a new book on the same topic. Building on the original framework, re-analysing every line, the Swedish grandmaster has added over forty new illustrative games to his unique interpretation of the Modern Defence.
