1965 - early 70s and 1998-1999. Tele-Star Japanese-made guitars debuted in the U.S. in 1965. The Tele-Star Trading Corporation, (Broadway, New York) was begun by Maurice Laboz in around 1965 and concentrated on relatively humble low-end guitars (and drums), produced mainly by the Kawai company.. In 1967 the Tele-Star company was probably purchased by the Music-Craft Electronic Corporation.

The guitar originally had four courses of strings, three double, the top course single, that ran from a violin-like pegbox to a tension bridge glued to the soundboard, or belly; the bridge thus sustained the direct pull of the strings. In the belly was a circular sound hole, often ornamented with a carved

In truth, the history of the lute is a long one and I often simply explain that it's like a guitar with more strings. If I have the time, though, I really do love to give a more complete answer. Read on to learn a brief overview of the history of the lute, and some comparisons between the lute and its more famous cousin, the guitar.
