Professor Curran's Color Atlas of Histopathology is a welcome "revision" of his now famous atlas initially published in 1966 and republished each year to 1970. In publishing any book the author is very much at the mercy of its publisher. This problem is multiplied in production of an atlas: it is overwhelming in a color atlas.

Color Atlas of Histopathology. | JAMA Internal Medicine ...
Professor Curran's Atlas has a lot of full-coloured images (over 1000 images!), taken at microscopic level. Although every image has text for explanation, it is so simply written (20-30 words) that it is not easy for me, a beginner at histo-pathology, to understand well.
