TRENDBOOK Forecasting the Future of Design

Part of color theory in interior, and graphic, design are the imposed characteristics that people often associate with a hue. Some hypothesize that this color-personality relationship stems from synesthetic expression. Whatever the origin for the association, designers carefully choose their palettes for the impression they impart on the viewer.

How To Use Color Theory in Home Interior Design - HomeAdvisor

Clear lines. Not enough definition of the subjects on the page and they become frustratingly difficult to color. A variety of designs to color. Some rooms, some pillows, etc. Removeable pages. Designs on only 1 side of the page so the colors don't get muddles. Thicker than printer paper pages so the pages don't ripple. So there you go!
