Movie contagion video guide - Alaska Dog & Puppy Rescue

The virus in "Contagion" is a baffling one, defying isolation, rejecting cure. This film by Steven Soderbergh is skillful at telling the story through the lives of several key characters and the casual interactions of many others. It makes it clear that people do not "give" one another a virus; a virus is a life form evolved to seek out new hosts—as it must to survive, because its carriers ...

Contagion features a star-studded cast. I really enjoyed this movie and recommend it to all fans of the outbreak/thriller genre. The acting is subtle and believable, and Soderbergh's direction is very good. The cinematography is interesting with the only bright colours being the orange hazmat suits worn by the lab workers in the CDC. The ...
