The Journal of the Economic and Social History of the Orient (JESHO) publishes original research articles in Asian, Near, Middle Eastern and Mediterranean Studies across history. The journal promotes world history from Asian and Middle Eastern perspectives and it challenges scholars to integrate cultural and intellectual history with economic, social and political analysis.

Journal of the Economic and Social History of the Orient ...

Social history, sometimes described as the 'history of the people', or 'history from below', emerged as an alternative to conventional political history, both in terms of its objects of interest and its belief in deeprooted economic and social factors as agents of historical change. Social and economic history have always overlapped, and in the inter-war years the LSE promoted the growth of both.

Social history - Themes - Making History

Economic history is the academic study of economies or economic events of the past. Research is conducted using a combination of historical methods, statistical methods and the application of economic theory to historical situations and institutions.The field can encompass a wide variety of topics, including equality, finance, technology, labor, and business.

Economic history - Wikipedia

Pirenne argued that profound social, economic, cultural, and religious movements in the long-term resulted from equally profound underlying causes, and this attitude influenced Marc Bloch and the outlook of the French "Annales" School of social history.

Economic and Social History of Medieval Europe: Pirenne ...

Introduction From the earliest days of the American colonies, when apprentice laborers in Charleston, S.C., went on strike for better pay in the 1700s, to the first formal union of workers in 1829 who sought to reduce their time on the job to 60 hours a week, our nation's working people have recognized that joining together is the most effective means of improving their lives on and off the job.

Social Welfare History Project Labor History Timeline ...

Social history, often called the new social history, is a field of history that looks at the lived experience of the past. In its "golden age" it was a major growth field in the 1960s and 1970s among scholars, and still is well represented in history departments in Britain, Canada, France, Germany, and the United States.
