Financial accounting is more generalized and concise in comparison to managerial accounting. Managerial accounting is more detailed, specific, and technical as it is meant to provide information to your managers. The timing of financial accounting is predefined and takes place at the end of any accounting period.

**Differences Between Managerial And Financial Accounting**  
Financial & Managerial Accounting for Decision Makers is written for future business leaders who want to understand how accounting information is prepared and how the information is used by investors, creditors, financial analysts, and managers. Our goal is to provide the most engaging, relevant, and accessible textbook available.
