Gray. 4.29 · Rating details · 2,080 ratings · 295 reviews. Our children spend their days being passively instructed, and made to sit still and take tests—often against their will.

Free to Learn: Why Unleashing the Instinct to Play Will ...

A leading expert in childhood development makes the case for why self-directed learning — "unschooling" — is the best way to get kids to learn. In Free to Learn, developmental psychologist Peter Gray argues that in order to foster children who will thrive in today's constantly changing world, we must entrust them to steer their own learning and development. Drawing on evidence from anthropology, psychology, and history, he demonstrates that free play is the primary means by which ...

Free to Learn: Why Unleashing the Instinct to Play Will Make Our Children Happier, More. "Peter Gray...forces us all to rethink our convictions on how schools should be designed to accommodate the ways that children learn." --Steven PinkerIn Free to Learn, developmental psychologist Peter Gray argues that in order to foster children who will thrive in today's constantly changing world, we must entrust them to steer their own learning and development.

Free to Learn: Why Unleashing the Instinct to Play Will ...

Children come into this world burning to learn, but the enduring lesson of school is that learning is work, to be avoided however possible. In Free to Learn, developmental psychologist Peter Gray shows that we can reverse the harmful effects of modern schooling by liberating our children to pursue their own interests through self-directed play. Gray, who has devoted his research career to understanding the biological foundations of education, argues that to promote learning, we must engage ...
