Head First Java assumes you're a programmer or at least have experience with scripting languages. It assumes that you're smart, that you're creative and open to new ideas, and that you know you're just not the type of person who wants to learn the traditional way. Take a look at the sample pages, explore the background on brain-based learning, examine the table of contents, and see for yourself how Head First Java takes learning to a whole new level. See why Tim O'Reilly says, "This is the ...
