ThePerl Pocket Referenceis a quick reference guide to Larry Wall's Perl programming language. It contains a concise description of all statements, functions, and variables, and lots of other useful information.

### Perl Pocket Reference, Fifth Edition - Lagout

The 4th edition of "Perl Pocket Reference" has been enhanced to cover Perl 5.8. It adds some small enhancements for the new IO libraries, regular expressions and Unicode handling. The basics are still as good as in the 3rd edition (although a bit more cleaned up). I love this book because it is without any useless overhead.
