Abstract. Abstract Portage Guide to Early Education is a home-based early intervention service for developmentally delayed preschool children. It consists of the triadic model of service delivery, a set of reading materials and a method of training parents to teach their own children. Each of these components are critically evaluated and recommendation made for the future development of Portage.

### curve-right

The Portage Project, a home teaching program, is an attempt to directly involve parents in the education of their children by teaching parents what to teach, what to reinforce, and how to observe and record behavior. There are several advantages in teaching parents in their homes to be effective agents of behavioral change.
