File Type PDF Position Title Senior Economist Grade Level P 5 Uty

Job levels are categories of authority in an organization. Each level is typically associated with a salary range and a series of job titles. Jobs levels can be grouped into five areas: executive management, middle management, management, advisors and employees. The following is a common structure for job levels.

11 Examples of Job Levels - Simplifiable

Position grade levels are usually governed by a set of compensation parameters described as a compensation grade level. Every position will have its own range of salary levels, from low to high. Additionally, there may be several layers of the compensation grades where the low, high and midpoint salaries vary from level to level.
