Conventional theory is that the State 's role is to establish and enforce the rules of the game, to keep a level playing field, to build public goods such as infrastructure, defence, and basic research and to devise mechanisms to mitigate negative externalities such as pollution. If the state intervenes beyond that it is accused of picking winners.

The Entrepreneurial State The book comprehensively debunks the myth of a lumbering, bureaucratic state versus a dynamic, innovative private sector. In a series of case studies—from IT, biotech, nanotech to today's emerging green tech—Professor Mazzucato shows that the opposite is true: the private sector only finds the courage to invest after an
