The Essential Web Design Handbook

The Essential Web Design Handbook is Here! posted on January 12, 2015 I'm very excited to announce that The Essential Web Design Handbook is finally available for purchase! As I mentioned in one of my previous blog posts, it's been quite a while since I've started working on it.

The Essential Web Design Handbook Is Here! - Rafal Tomal

Design and user interface are essential aspects of running a successful website, so web design shouldn't be something only web designers are interested in, but also business owners. Earlier this year one of my favourite web designers in the WordPress space, Rafal Tomal (lead designer at Copyblogger Media), released a book called The Essential Web Design Handbook.

These essentials of good site design are so intuitive, and yet we get caught up in "trendiness" thinking it will make up for poor design. If we look at our sites through the eyes of our target market (I mean literally sit someone in your target market down in front of your website, and note their honest interactions and reactions) it would ...

The Essentials of Web Design That Works - Copyblogger

Lairtz guides readers through everything from the process of selecting a domain name, choosing a host provider to security, servers, web design, optimization and marketing in layman's terms. This is not a hardcore "scary" book only for geeks - he uses examples and sometimes humor to get his message across.
