The performance of football club managers: skill or luck ...

Abstract. This paper evaluates the extent to which the performance of English Premier League football club managers can be attributed to skill or luck when measured separately from the characteristics of the team. We first use a specification that models managerial skill as a fixed effect and we examine the relationship between the number of points earned in league matches and the club's wage bill, transfer spending, and the extent to which they were hit by absent players through injuries, ...
