I noticed when lining up timing marks, that to put the oil pump in time, it was difficult to turn, couldn't hardly turn by hand, used a socket. I pulled bolt and and put a pin in the front of the engine to determine it was in right position. A couple friends said it sounds like the oil pump went which is why the timing belt went.

005-037 Fuel Pump

Timing General

Information Pump-to-
engine timing is
extremely critical.

Pump timing that is off
by only a few
crankshaft degrees will
cause: Poor
performance - starting
and power, 1, 2.
