Herbert Zettl draws on his expertise and field experience to bring you the seventh edition of VIDEO BASICS, the handiest and most authoritative, current, and technically accurate student guide to video production available. Meeting the need for a briefer book, this text distills comprehensive video instruction so that it can be covered in a single semester.

Video Basics - Herbert Zettl - Google Books

It's a tried and true maxim that planning makes perfect. Think about the shots you'd like to include and then think about what's the best way to capture them. With practice, you'll develop a better eye for planning out the shots you want in your video. Hold on your subject. Let your subjects give your videos life.
