Weird Is Normal When Teenagers

Weird Is Normal When Teenagers Grieve is unique because it is a self-help book for grieving teens written by an actively grieving teen. Author Jenny Lee Wheeler lost her father to cancer when she was fourteen and validates for her peers that they have the right to grieve in their own way and according to their own timetable, that their grief attacks might be different from those of adults around them, and that they aren't going crazy if they see signs from their loved one. Dr. Heidi Horsley ...

It is normal for teenagers to be moody, because of the hormonal changes they go through. the changes happening to the neural pathways in their brain and the ongoing growth of their body. Whilst many teens appear to be of the same size as adults, they still do not have the same lung capacity and this adds to the changes going on in their brains, making them feel tired easily.

10 Normal Teenage Behavior Problems And How To Handle Them

Teens go through a series of emotional and physical changes that can result in baffling behavior. Knowing what is normal and what is not can help parents spot emerging mental health issues.Your child turns into an alien about the time she turns 12 or 13.
